

The Dowsing Lab

P s y c h o m e t r i c A u r a R e a d i n g

About The Dowsing Lab:

The aura readings are based on traditional dowsing practices using a pendulum and kinesiology, combined with the teachings of Hanna Kroeger, Slim Spurling and Raymon Grace, my intuitive gifts and health experience. By submitting an aura reading saliva sample, you acknowledge that the reading and all results are not to be misconstrued as medical advice nor a diagnosis of any kind. These findings are not to be taken in place of medications without consulting a trusted integrative health practitioner.

Every organ and body system has an aura or emits energy that can be measured. By using a saliva sample, we can determine the body's strengths, weaknesses, and optionally, an effective method of support. The results of an aura reading will be generated for your information. If you would like a full reading this will include natural remedies, frequencies, gemstones, color or other therapeutic suggestions for rebalancing to a higher stabilization of your body environment and field.

How to prepare your sample:

Upon waking in the morning, before eating or brushing your teeth, take a clean cotton ball and put a small amount of saliva from your mouth onto it. Seal in a ziploc bag and write your full name and birthdate on it.

Mailing your sample:

Complete the form below and include with your saliva sample. Mail to: Astrid Stellar @ The Dowsing Lab 15 3rd Avenue, Longmont, CO 80501. Include card information, cash, check or request an invoice. Please make payable to: Astrid Stellar.

What to expect:

A written report of findings based on the strengths and weaknesses presenting in your field is emailed or mailed to you. If you select a full reading, this will include any matching strengthening vitamins, minerals, herbs and supplements, or other therapeutic support that raises the vitality level of the specific body systems, organs, or metabolic processes. Results take 1-2 weeks for processing. My office hours are Saturdays from 10-12 am MT for answering brief questions. If you require a longer consultation, please txt 720-630-9895 or email divinenature@pm.me to schedule.
